

Marine Ship Repair and New Construction Services

Access a dynamic pipeline of qualified talent with a wide range of skills experience and flexibility

As one of the largest staffing companies in the U.S., NSC is an industry leader providing innovative workforce solutions to the marine industry for over 20 years. We are strategically located in major ports throughout the United States – from Honolulu, HI to San Juan, PR – allowing us to mobilize nearly any size workforce nationwide.

In addition to our recruiting capabilities coast to coast, our database boasts several hundred thousand experienced marine ship repair and new construction, skilled trades, and technical and professional candidates ready to add value to your business operations.

Unique to NSC, we have a workforce training center in Salinas, Puerto Rico, allowing our clients access to untapped skilled tradespeople such as welders, pipefitters, insulators, and fabricators that are ready to deploy when you need them the most.

MARINE SKILL SETS WE PLACE

TRAINING

IF THE JOB CANNOT BE DONE SAFELY, WE WILL NOT DO IT

At NSC, safety is our top priority. We take proactive measures to properly screen and train our field associates while partnering with clients to identify potential workplace hazards to prevent accidents and injuries. We offer training services which can include:

ONBOARDING

ENSURING SATISFACTION

We work hard to ensure our marine field associates are highly qualified, accurately placed, and satisfied with their assignment – walking in field associates on their first day. Our candidate screening and onboarding process can include:

✓ Interviews	✓ E-Verify Compliance	✓ Client Site Specific Training and Certifications
✓ Employment Verifications	✓ Criminal Background Checks	
✓ Skills Testing	✓ Drug Screening	✓ New Hire Orientation
✓ Badging and Access (DBIDS, TWIC, or Red Badge upon request)		

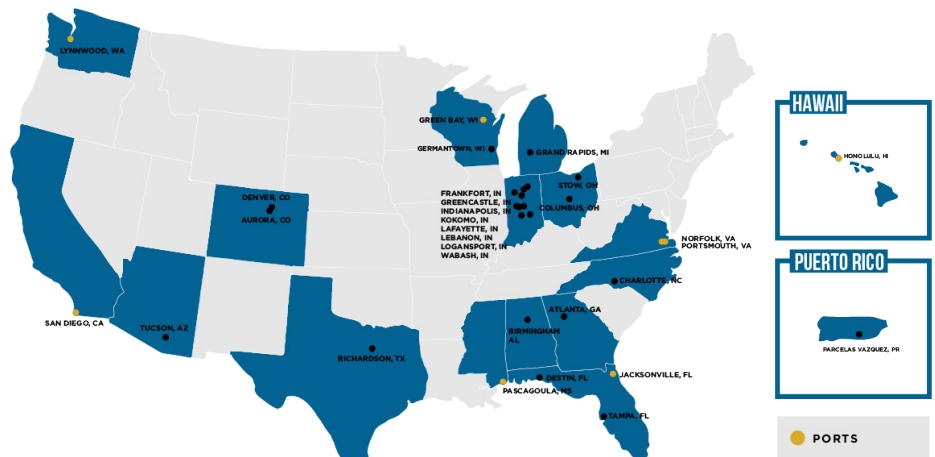

“We are extremely thankful for the professional services NSC has provided. Considering all of our time differences (mainland U.S., Hawaii, and Guam), the service has been exceptional – particularly having NSC field associates willing and able to mobilize to remote locations and the workmanship has been outstanding.”

– Director of HR, Leading Provider of Pilot and Tug Services

LOCATIONS

PORTS WHERE WE OPERATE

- Lynnwood, WA
- San Diego, CA
- Honolulu, HI
- Green Bay, WI
