

PAYROLL PROCESSING

Don't let payroll processing slow you down.

Regardless of the number of employees in your organization, attending to payroll demands a great deal of time and attention to detail. Using NSC's payroll experts to process and distribute paychecks and manage all associated tasks—from calculating labor hours and withholdings to tax filings and reporting—allows you to shift your energy into work that will propel your business forward.

Streamline and outsource the payroll process—so you can spend more time on strategic initiatives that will help grow your business.

“As a small business owner, I quickly realized that if we could funnel the same manpower we spent tackling payroll into finding new ways to win business, we would fuel our growth strategy instead of losing precious energy on this daunting administrative task. NSC provided this service for us and we've never looked back.”

CEO, Construction and Ship Repair Company

YOUR CHALLENGES

Difficulty keeping current on tax laws and regulations, compounded by employees in multiple locations

Complexities of payroll processing use valuable resources—driving overhead cost increases

Inability to incorporate the latest technologies to support onboarding, payroll, and employee service needs

Labor-intensive tasks of ongoing administrative support absorb time that could be invested elsewhere

HOW IT WORKS

Outsourcing payroll can simplify business administration and free up valuable time for any business. By delegating this tedious task to NSC, NSC's payroll processing experts can gain external guidance, leverage modern payroll technology, and reduce the risk of non-compliance from late or incorrect filings. With our complete payroll processing services:

- NSC becomes your employer of record for named resources—adding a layer of support for hiring managers and workers and reducing cost, time-to-productivity, and liability
- We handle all aspects of payroll processing and paycheck distribution
- We ensure proper classification of each temporary associate and completion of all necessary government forms, including annual payroll tax filings, to reduce liability associated with contingent labor
- Direct deposit, pay cards, online timekeeping, simple billing, and reliable payroll associates are all available to you
- Web-based applications and customer support exist across all time zones

NSC enables you to focus on areas more strategic to your business, while streamlining the employee payroll process and ensuring you adhere to essential tax and federal filing requirements.

THE BENEFITS

| Reduce Costs | Gain Efficiencies | Scale on Demand | Mitigate Risks | Increase Flexibility |
|--|--|--|--|---|
| Remove overhead required for time-consuming and manual tasks of enrollment, onboarding, and processing payroll—as well as IRS penalties for late or incorrect filings. | Simplify and offload the labor-intensive processes of hiring and providing ongoing support—allowing your team to focus on higher-value projects. | Quickly add or reduce staff without the need for additional administrative management. | With NSC assuming employer responsibilities—from compliance requirements and workers' compensation to insurance and tax withholdings—be assured that you adhere to all necessary rules and mandates. | With NSC at the helm, gain rapid response times and the ability to adjust and accommodate your evolving payroll and administrative needs. |
